November 7th

December 5th

Monthly meetings are
scheduled at
Veterans Memorial Library
(downstairs meeting rooms)

Bulldozing Snow on Township Roads.....

The County has reminded all Townships, in lieu of recent snowfall- to submit written requests listing those locations needing "bulldozers to push snow back..." from township roadways.

The first round of requests were submitted by MID January. We want to address these areas and assure driving within our Township is safe and our roads continue to be able to be cleared. Please notify your Township representative via telephone or email if there is an area in your neighborhood needing attention.

Elector's Ballot

58-04-01. Annual township meeting -

When held Notice. The electors of each township annually shall assemble and hold a township meeting on the third Tuesday in March at such place in the township or in an adjacent township as the board of township supervisors thereof shall designate. Notice of the time and place of holding the meeting must be given by the township clerk at least ten days prior to the meeting by publication in a legal newspaper published in the township or, if there is no such newspaper, then in the county's official newspaper. Before a change in the place of holding the annual township meeting is made, notice of the contemplated change may be given by any member of the board of township supervisors to the township clerk, who shall have such change published if time allows. Otherwise, the township clerk shall post notice of the change. Where an incorporated city is wholly or partially within the boundaries of the township or an adjacent township, all township meetings may be held in such place within such incorporated city, as the board of township supervisors thereof may designate.

Hay Creek Township currently plans to hold this meeting, beginning at 6:00 PM at Holy Cross Lutheran Church, 7111 Williamson Drive (#83 and #1804) Bismarck, ND on March 21st.

The AGENDA will include the election of one Supervisor, a Clerk, Approval of a Budget, and associated Mill Levy.

Culverts, Ditches and Run-off....

Maintenance of ditches and right-of-way property is a shared responsibility. Landowners + homeowners share maintenance of road-side property-- whether mowing weeds, or grass or maintaining flow and transit for water drainage. The effort is shared between individuals and the Township.

Help stands ready to ensure the proper flow and transit of runoff waters and spring snowmelt. Sometimes the master plan doesn't work!

When culverts freeze or plug-- we can help with the snow when we know! You of course are our "first alert" reporting system. If you see and know you'll need help with snow removal or a quick pump set -- please call 701-222-1521.

Spring-Summer Roads Repairs....

Following the spring thaw there are sure to be new cracks and weak areas in all roads. Hay Creek Township is responsible for most Subdivision streets, Drives, Loops, etc.-- the City, County and State share responsibility for many roadways within our Township boundaries.

Our Board tries to travel and keep check on all roadway conditions; markings, signs and Right-of-Ways.....we rely on your help and calls. The Township has no staff. We hire labor and maintenance through our County or bid the work through another source.

Hay Creek Township ...

The Hay Creek Board meets monthly-- the first Tuesday of each month, plus few specially called for "Special Meetings." We meet at the Veterans Memorial Library (one of the downstairs meeting rooms) beginning at 6:00 PM. Meetings generally last 60-90 minutes.

You're always invited-- though we know folks don't show until an issue arises. To put an issue on any agenda, please call the chair-- it will be added-- we appreciate the "lack of surprise."
